# **Project Description**

# Principal's Priority 2

2

Fire Lake Elementary School and PTS would like to request additional physical education equipment which could include but may not be limited to skis, boots, poles, and two additional basketball baskets in the gymnasium. The physical education department at Fire Lake Elementary School is active and is very active outside all throughout the year. Out PTA recently raised enough money for snow shoes for an entire PE class and we would like to expand our outdoor fitness opportunities for students. Additionally, we would like to increase the experience and instruction opportunities for students to learn and love basketball.

# **Benefits if Project is Funded**

Increase appreciation of the Alaskan opportunities for fitness would be the greatest benefit of this project.

# Impacts if Project is not Funded

If not completed, our students would not have the opportunity to appreciate a variety of ways to get outside and stay fit during the long and cold winters of our great state.

# of Students impacted by project 345

Project Start Year 2010
Project Finish Year 2010

Project has matching funds are available
Project has prior state funding available
No
Project has federal funding available
No
